Features:
- Motion Attachment can rotate 360° allowing for maximum flexibility in computer placement
- The entire arm can rotate around 360° with locking points at every 22.5°
- To rotate the arm simply pull the front lever out, rotate to desired position and then release the lever
- 12” locking arm has 6 locking points 1.81” apart
- Locking pin can be placed on either side of the base giving the user easy access no matter where the arm is installed
- Can be mounted directly to a flat surface or on any Upper Tube, Complete Pole or Low Profile Bracket
- A backing plate is included with the arm
- Heavy gauge steel construction and aluminum for long-term durability
- Black powdercoat finish for maximum corrosion resistance
