

TIR3™ Super-LED®

The TIR3 Series is one of two types of 3-LED surface mount lightheads with color Super-LEDs and clear outer lens that Whelen offers for bright, versatile warning light solutions.

The TIR3 controls lightspread with a clear fluted lens and is for directional lighting applications. Designed to fit in almost any location, it's small size and mounting options make it perfect for mounting anywhere on your vehicle.

Five Scan-Lock™ flash patterns, are available each with Phase 1 or Phase 2 (simultaneous or alternating flashing), and includes a steady-burn mode and synchronize wire. The Sync feature allows multiple lightheads to operate in unison, as a system.

A new, deeper, black ABS flange is now standard and several mounting bracket and kit options are available. The TIR3s are offered in four safety colors: red, blue, amber or white.

MODELS

RS*03ZCR: TIR3 horizontal mount

RV*03ZCR: TIR3 vertical mount

OPTIONS

RBTK1: Mounting bracket for one 3-LED series lighthead.

RBTK2: Mounting bracket for two 3-LED series lightheads.

RBKT3: Crown Victoria trunk mount brackets for two 3-LED series lightheads, sold in pairs.

RFLANG2B: Black dual surface mount flange for two 3-LED series lightheads.

RFLANG2C: Chrome plated surface mount flange for two 3-LED series lightheads.

RVB03ZCR with optional RFLANGCD chrome flange

RSA03ZCR with standard black ABS flange

RSR03ZCR with optional RFLANGEC

RSR03ZCR/RSB03ZCR with optional RFLANG2B

RSB03ZCR with optional RFLANG2C

RSR02ZCR with new deeper standard mount

LIN3™ Super-LED®

The LIN3 Series is Whelen's other 3-LED color Super-LEDs and clear outer lens surface mount lighthead. The LIN3 has the same description, dimensions and options as the TIR3 Series, but has a clear non-fluted lens

with collimator, for wider 180 degree light spread for greater visibility and light dispersion. The LIN3 has horizontal mounting only.

MODEL

RS*02ZCR: LIN3 horizontal mount

Replace symbol * in model with letter indicating LED color and outer lens color:

A=Amber, **B**=Blue, **C**=White or **R**=Red

For Harley-Davidson® motorcycle mounting brackets, consult current price list.
