

# **EXTERIOR LIGHTING**

# **CD9215**

### **COMBINATION WARNING AND WORKLIGHT**

The CD9215 is ideal for mounting on the push bumper. It produces 135° of coverage and features a powerful light to illuminate the scene. The intense white light is in the center and it is flanked by dual-colour warning lights. Two Hide-A-BlastTM warning lights are mounted at a 45° angle on each end to provide effective off-angle visibility. Light them up and take them down with this all-in-one, exterior lighting solution.
