

MODEL NO. 30.0400  
100W 11-Ohm Speaker

With a more compact size and Big performance the new 30.0400 Speaker will mount in more locations than ever before. Installation of the 30.0400 only takes minutes and is perfect for concealed installations.

**FEATURES:**

Small Profile

Speaker Dimensions with Bracket 5.25"H x 6.25"W x 2"D

100 Watts 11ohm

**WIRING:**

Route an appropriate length of wire that is no thinner than 16 AWG and be sure to maintain correct + and - polarity to insure correct phasing. Most wires have a ridge or pattern on one of the conductors to help keep the polarity consistent.

Connect the White wire from the speaker to the + Positive speaker terminal on the siren controller.

Connect the Black wire from the speaker to the - Negative speaker terminal on the siren controller.
